TEAM GUIDE

#1 Resource for Teams

Everything you need to know about the Robotics Season

- Team Registration
- Forms, Policies and Procedures
- Before the Build: Starting a Team
- Build time: Engineering Design Process
- Attending an Event
- Additional REC Foundation Resources

Link to Team Guide
The VRC and VIQC App is the ideal competition companion for teams, spectators and event partners. It includes:

- Searchable, easy to use official game manual
- Calculator to keep score for the current game
- Timer to run your own practice matches (with official game sounds)

VEX Tournament Manager Mobile app used at scrimmages and tournaments. Referees can submit match scores from their devices.

VEX via allows you to follow the progress and results at competitions.

### VEX IQ Challenge

The VEX IQ Challenge, presented by the Robotics Education & Competition Foundation, provides elementary and middle school students with exciting, open-ended robotics and research project challenges that enhance their science, technology, engineering, and mathematics (STEM) skills through hands-on, student-centered learning.
